PROFESSIONAL SUMMARY

Highly motivated Frontend Developer specializing in **React.js** with a solid foundation in Full Stack development (MEAN/MERN stacks). Certified by ITI and NTI, with a proven ability to build highly responsive, user-centric web applications. Experienced in React, Bootstrap, and UI/UX styling, backed by strong backend knowledge in Node.js and MongoDB to build optimized, scalable end-to-end solutions.

TECHNICAL SKILLS

Frontend (Core): React.js, JavaScript (ES6+), HTML5, CSS3, Bootstrap.

UI/UX & Design: Figma (Component Design & Wireframing), Responsive Web Design.

Full-Stack & Backend (Additional): Node.js, Express.js, Angular, RESTful APIs.

Databases & Validation: MongoDB, Mongoose, Zod Validation.

Tools & Hosting: Git, GitHub, Vercel Hosting, Vite.

EDUCATION & CERTIFICATIONS

B.Sc. in Computer Science | Benha University | Expected 2027

Soft Skills & Effective Communication Training

Middle East College & Syndicate of Commerce | 2024

Web Development using React Js (120 hrs)

Information Technology Institute (ITI) | 2025

Full Stack Web Development (MEAN Stack)

National Telecommunications Institute (NTI) | 2026

KEY PROJECTS

Friends Desserts | React.js, Bootstrap 5, Vite, Figma

- Developed a high-performance, fully responsive digital menu web application tailored for food and sweet businesses.
- Implemented seamless multi-language support (Arabic/English) and dynamic client-side filtering for optimized user browsing.
- Designed a modern Dark Theme UI/UX and integrated a custom floating action button (FAB) for direct communication.

CinemaX Platform | Angular, Node.js, Express, MongoDB (MEAN Stack)

- Collaborated with a 3-member development team to build a full-stack cinema booking system as an NTI Graduation Project.
- Developed the fully responsive frontend user interface and booking modules using **Angular** and customized styling.
- Implemented the advanced 2D interactive seat mapping system and real-time movie management components.
- Contributed to secure backend development, creating robust Mongoose schemas and data validation models.
